

Take a step to the cloud with Citrix and Windows Virtual Desktop

Have you heard?

Windows Virtual Desktop is an Azure remote desktop and application virtualization service. If you've used Remote Desktop Service (RDS), then it's a platform you know well.

Perfect for scaling to the cloud, while maintaining on-premises investments, resources, and policies.

On-demand scaling and cost savings makes your CFO smile.

- Disaster recovery Business continuity
- Seasonal hiring
- Capacity bursting
- Mergers and acquisitions
- Research and development

A no compromise solution

Take advantage of everything Windows Virtual Desktop has to offer and more.

Your company's move to cloud starts here! more.citrix.com/wvd

Users love it too.

- Familiar Windows 10 experience
- High-def UX optimizations
- Work faster and smarter with workspace intelligence
